Dearest Zoia,

You have become and always will be a very special part of our family. Words can never express how grateful we are to you and your family for the unending love you showered upon our little Caroline, and for some time David, too.

Under your care, Caroline has grown into a loving, confident and happy four-year old. I am so amazed at the ease with which you taught her every skill she will ever need to be successful at school, and in life. You not only taught her letters and numbers, shapes and colors; you taught her friendship, love, faith and compassion, joy in every day living and a love for music and dance. For me, each and every one these are small treasures from you. Each time I see Caroline achieve, love and live life to the fullest, I will see your reflection in her beautiful little face.

I am eternally grateful for having you in our life, and will miss seeing and talking with you every morning and afternoon. So, I will not say goodbye, but welcome to our family. We will come to see you often.

Wishing you God's Blessings,

Jim & Yvie
