Dear Zoia,

My wife and I (Ellie May Stott's grandparents) thoroughly enjoyed our two brief visits to your day care center, one of which you may recall was for Ellie's 1st birthday party. We enjoyed meeting you along with your daughter-in-law and son. We were impressed with your facilities and, more importantly, with your personal competence, warmth and caring nature. It was very apparent to us that you and your family associates are dedicated, loving caregivers. We came away assured that Ellie is in very good hands. We are grateful for that.

Thank you,

Maria & Fred Klein
